

INDEPENDENT AUDIT OF TRADING ACCOUNT

Vince Stanzione actual Fixed Odds trading account from 13/9/02 to 13/3/04. The above graph shows all trades made on the account. The account was independently verified and the above chart was generated. £20,000 is now £220,000. These are actual results of his trading. Outstanding results like these does not mean that your account will perform the same way, however, it should be encouraging that you are learning from a successful trader that runs an actual cash live trading account. Note: You should take more notice of the Profit/Loss account rather than the Cash Balance. The fall in cash (shown on cash balance towards the start of the account) was due to a withdrawal of £20,000.
